Measuring the Climate for Learning

## PARENT/GUARDIAN SURVEY

**Before you begin, please read the following information.**

You are being asked to complete this survey as part of a project to help all members of the school community (students, parents, and the adults who work at the school) understand how everyone feels about your child's school.

- As you respond to each item, focus on your thoughts and feelings based on your own personal experience with the school, as well as your perceptions of your child's experience as a student.
- There **are no right or wrong answers**— this is not a test! We just want to know how you feel. Your responses will provide us with important information to help your child's school become even better.
- All of your responses are **completely anonymous**. No one from the school will ever see your answers, and no identifying information (such as name, child's name or survey ID) will be recorded with your answers.
- All results will be reported to your school only in terms of how each population responded. Individual responses are never seen by your school.
- The survey should take you approximately 20 minutes to complete. Please try to respond to all items.
